# SPONSORSHIP OPPORTUNITY

We are breaking barriers by creating educational events, leading historical group travel, and awarding scholarships to build a multicultural historical costuming community that values truth, fairness, safety, and unity.

Our community is made up of artists, historians, sewists, academics, and independent researchers who seek to understand and teach others about the past by researching, making, and wearing historical clothing.

Our organization is 100% volunteer. 100% of raised funds go towards our three initiatives: Scholarships, Educational Events, and Historical Travel.

Contact our Executive Director, Gigi Coulson, to discuss becoming a sponsor for this POC-led organization.
